

## **Back issues of newsletters for sale.**

We have been producing newsletters since our beginnings in 1979. Originally they were only four pages and printed six times a year. As we grew so did our now quarterly twenty-page newsletter. The extra back issues are stored in drawers that are needed for our expanding library collections. We will keep one copy of each issue for our library collection. Copies up to 2005 are being offered **for sale for \$1.50 a newsletter issue.**

Some of the back issues have already been sold out and are no longer available in paper format although electronic copies for these issues are available. The electronic issues being offered are:

Volume 22 (2000) Issue 1                      Volume 24 (2002) Issues 1, 3 and 4;  
Volume 25 (2003) Issues 1, 2 and 4              Volume 27 (2005) Issues 3 and 4

To help you decide which newsletters you would like to purchase we have an index listed by topics. **Order form below.**
